PROCESS OVERVIEW

HOW WORKING WITH FLYBIT FEELS

The client journey is designed to feel simple even though the backend work is highly technical.

1. Share your event

Tell us the date venue, audience, and purpose.

2. We shape the concept

Flybit develops the show idea around your vision.

3. Planning & readiness

We handle feasibility, planning, and show preparation.

4. Event-day execution

Our team manages setup, deployment, and live flying.

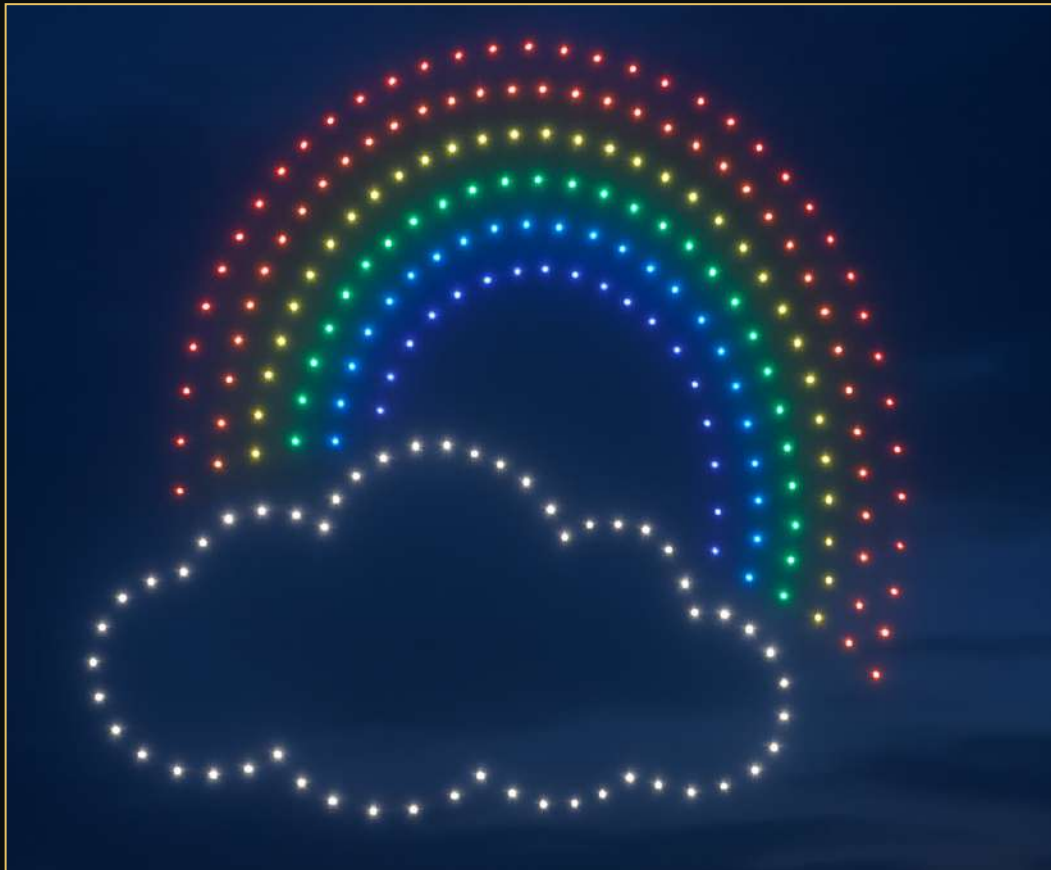

5. You enjoy the moment

We handle the complexity while your event gets the spotlight.

COMMON QUESTIONS

TYPICAL CLIENT QUESTIONS

These are the questions most clients ask before moving ahead.

1. Can the show be customised?

Yes. The concept can be adapted around names, logos, themes, and important event moments.

2. Do I need to manage the technical part?

No. Flybit handles planning, setup, execution, and operational management.

3. Can my venue support a drone show?

Venue suitability depends on open sky, surrounding obstacles, a safe launch area, and proper audience positioning.

4. How early should I enquire?

Earlier is always better because it improves planning quality and scheduling flexibility.

5. What affects pricing?

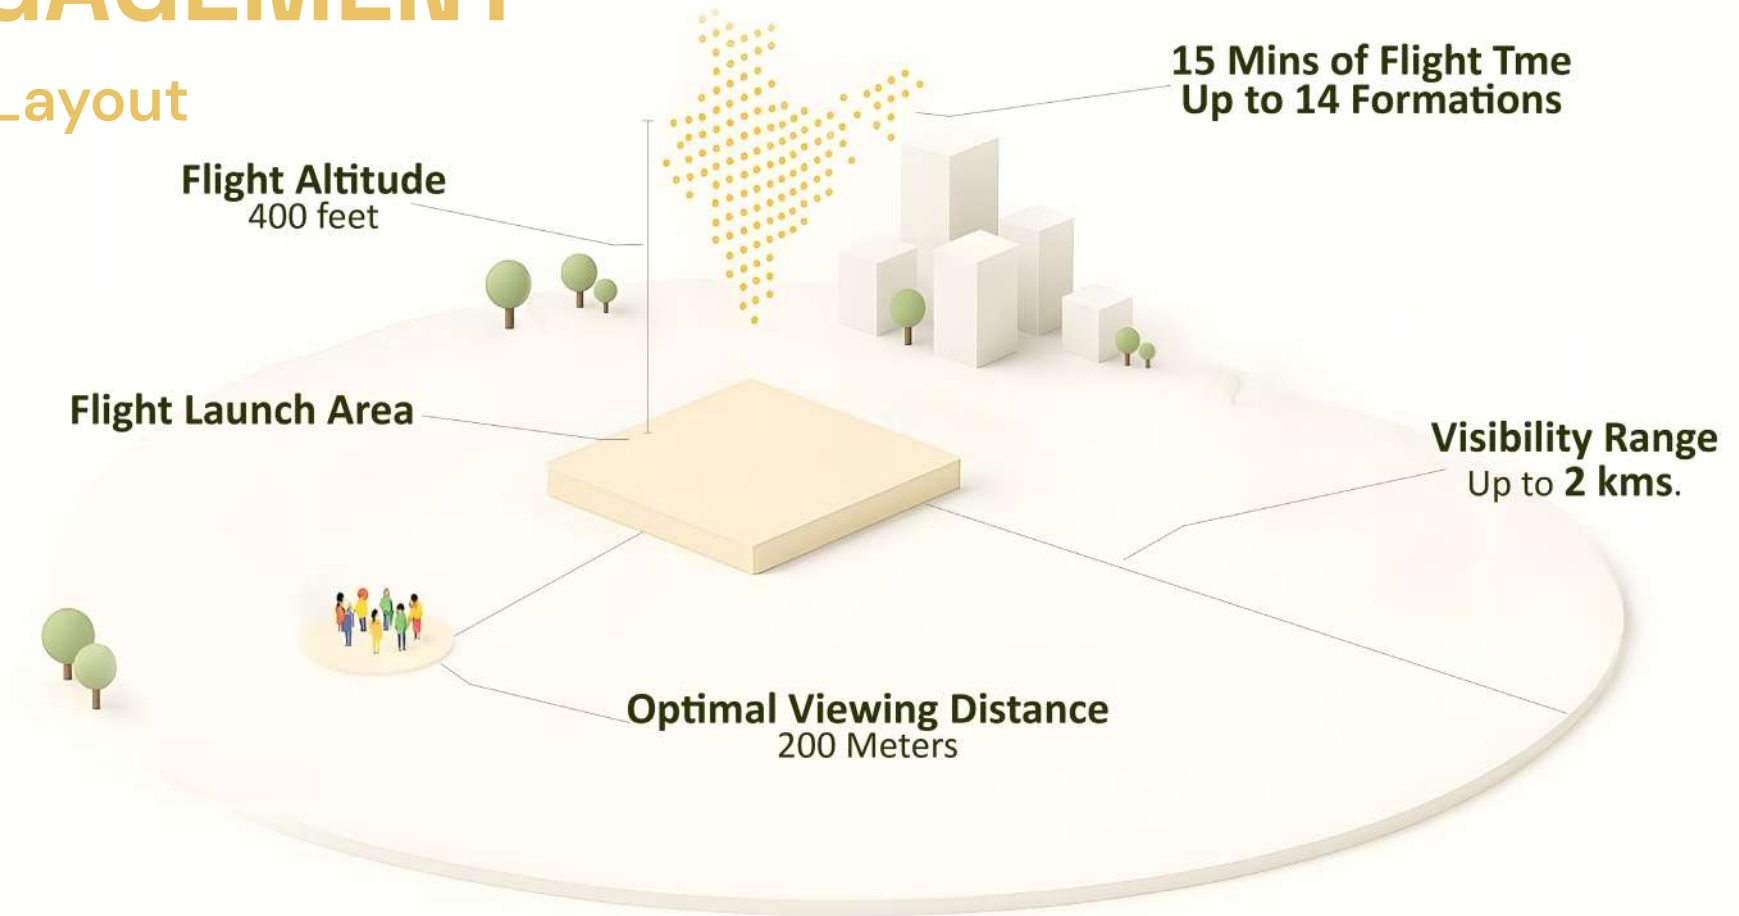

Pricing depends on the scale of the drone show, customization level, event location, and overall planning complexity.

6. What happens after I enquire?

You move into a discovery and concept stage so the show can be shaped around your event.
